## Tempus Achieves Record Total Contract Value Exceeding \$1.1 Billion

January 11, 2026

*Reported preliminary, unaudited Data and application revenue of ~\$316 million for the full year 2025, representing ~31% year-over-year growth, with Insights (data licensing) growing 38%*

*2025 Net revenue retention of ~126%*

CHICAGO--(BUSINESS WIRE)--Jan. 11, 2026-- Tempus AI, Inc. (NASDAQ: TEM), a technology company leading the adoption of AI to advance precision medicine, today announced a record Total Contract Value (TCV) of >\$1.1 billion as of December 31, 2025. During 2025, Tempus signed data agreements with over 70 customers, spanning both large and mid-sized pharma, including AstraZeneca, GlaxoSmithKline, Bristol Myers Squibb, Pfizer, Novartis, Merck, Abbvie, Daiichi Sankyo, Eli Lilly, Boehringer Ingelheim, and biotech companies including Incyte, Servier, Aspera Biomedicines, and Whitehawk Therapeutics, as an increasing number of biopharma companies are incorporating Tempus' unique, multimodal dataset into their drug discovery and development efforts.

In addition to TCV rising to the highest level in Tempus's history, the company reported net revenue retention of ~126% in 2025, demonstrating the continued expansion of relationships with existing customers, even at increased scale.

"2025 was a record year for our Data and applications business - both from a revenue and TCV perspective," said Jim Rogers, Chief Financial Officer at Tempus. "Our engagement with life sciences companies has never been stronger, and our data business has never been better positioned, giving us tremendous visibility to continued growth in 2026 and beyond."

Tempus has not completed preparation of its financial statements for the fourth quarter or full year 2025. The Data and applications revenue estimate disclosed in this release for the year ended December 31, 2025 is preliminary and unaudited and inherently uncertain, and therefore subject to change as Tempus completes preparation of its financial results for these periods. Tempus is in the process of completing its customary year-end close and review procedures for the quarter and year ended December 31, 2025, and there can be no assurance that final result will not differ from this estimate, and any such difference may be material. During the preparation of Tempus' consolidated financial statements for the year ended December 31, 2025, Tempus or its independent registered public accountants may identify items that could cause final reported results to be materially different from the preliminary financial estimate presented herein.

Tempus plans to report its complete fourth quarter and full year 2025 financial results during its earnings call in February 2026.

### About Tempus

Tempus is a technology company advancing precision medicine through the practical application of artificial intelligence in healthcare. With one of the world's largest libraries of multimodal data, and an operating system to make that data accessible and useful, Tempus provides AI-enabled precision medicine solutions to physicians to deliver personalized patient care and in parallel facilitates discovery, development and delivery of optimal therapeutics. The goal is for each patient to benefit from the treatment of others who came before by providing physicians with tools that learn as the company gathers more data. ### Key Metrics

Total Remaining Contract Value (TCV) is equal to the total potential value of signed contracts and assumes the exercise of all contract options, all discretionary opt-ins, and no early termination. Remaining TCV excludes any revenue recognized to date on these contracts or any future adjustments made to the contractual value as a result of amendments or terminations.

Net Revenue Retention compares the annual Insights product revenue generated from all customers that made an Insights purchase in one year to the annual Insights product revenue generated from the same cohort of customers in the subsequent year.
